Our recent projects 16

Our young and dynamic company's mission is to offer cities and organizations innovative and sustainable solutions for outdoor recreation.

Hoping to be able to contribute to improving the quality of life of your citizens, students, residents or employees,

The AtlasBarz team

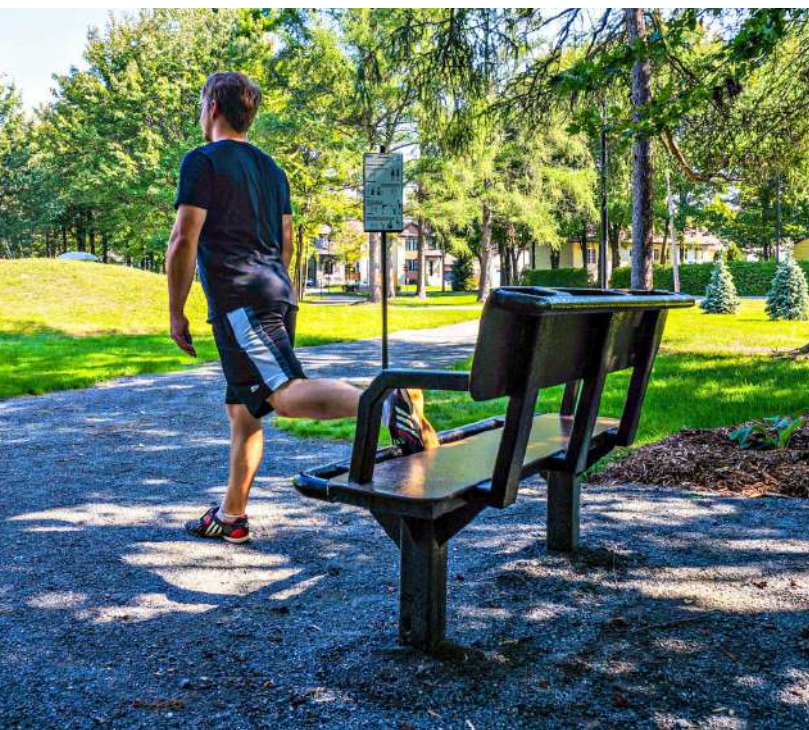

ABZ-01 MODULE

Versatile and compact exercise station **accessible to all**. More than a hundred exercises of all difficulty levels are possible. This station, focused on bringing the community closer together, won the Quebecois favorite in the DÉFI SANTÉ contest!

MULTIFUNCTIONAL BENCH - ABZMULTI-01

This bench is suitable for practicing outdoor physical activity and is safe thanks to the **integrated ergonomic supports** and its resistant protective coating to **promote contact**. More than thirty exercises are possible with this innovative bench!

ACCESSIBILITY SUPPORT - ABZACCESS-01

It is now possible for people with reduced mobility or in a wheelchair to have access to a complete training session using elastic bands on our Accessibility Support, developed in collaboration with two kinesiologists from the CISSS.

PYRAMID - ABZSTEP-01

Did you know that it is possible to reduce the risk of falling by almost 50% for our seniors by performing exercises with our pyramid?

PYRAMID WITH INTEGRATED PLATFORM - ABZSTEP-02

Addition of a platform for jumps and other dynamic exercises on our pyramid.

INTERGENERATIONAL MODULE - ABZGEN-01

Composite module offering a complete training for young people, people with reduced mobility and seniors. This versatile module can integrate parallel bars with neutral grips, a pull-up bar with various grips, an accessible exercise stand with training band and an information panel!

MULTIFUNCTIONAL BENCH - ABZMULTI-02

New version of our multifunction park bench incorporating parallel bars in addition to the push-up bar!

BALANCE BEAM - ABZEQUILIBRE-01

Ideal for developing motor skills and balance, our beam is accompanied by a ramp offering support appreciated by seniors.

PARALLEL BARS - ABZDIPS-01 et ABZDIPS-02

We integrate **neutral grips** in order to vary the grip and thus offer better precision on the muscles to target during the exercise. Possibility of varying the width and height of the bars, in order to make them suitable for all sizes!

WORKOUT BENCH - ABZWORKOUT-01

A true must-have for your active courses, this versatile bench offers a variety of movements requiring the whole body!

PULLUP BAR - ABZPULLUPCAGE-01 AND ABZPULLUP-01

Fully customizable pull-up bars for functional upper body and abdominal training. The square configuration is ideal for practicing calisthenics (street workout) and performing various exercises in complete freedom.

TRAINING HURDLES - ABZHAIES-01

For fans of cardio and active training outdoors.

JUMPING BENCH - ABZSTEPBOX-01

Exerciser suitable for cardiovascular training or to solicit the legs. Durable non-slip surface finish.

ABZ-01 MINI MODULE

An adaptation of our popular ABZ-01 module, a must-have for schoolyards.

ABZ-01Z MODULE

More economical version of our ABZ-01 module, without compromising on functionality.

ABZ-02 MODULE

An extended version our ABZ-01 module with a horizontal double landing ladder and a climbing net.

ABZ-03 MODULE

A complete module that will delight teens and adults alike.

DESIGN YOUR FITNESS TRAIL

The visual representation of your active trail is important in order to introduce your citizens to healthy lifestyles. This is why we work with health professionals to develop the best possible sports signage!

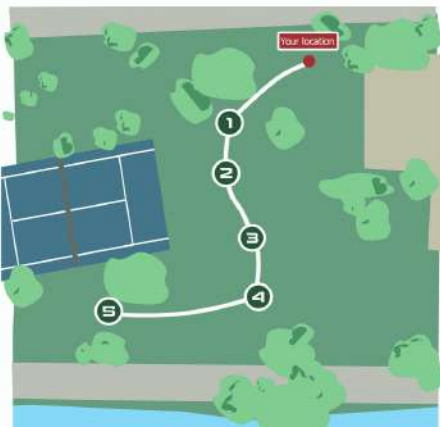

Fitness Trail Parc Montgomery

Les Équipements
AtlasBarz
L'ENTRAÎNEMENT URBAIN POUR TOUS

Welcome to the Fitness trail of Parc Montgomery in Saint-Armand.

The fitness trail of the Parc Montgomery is composed of 5 stations which propose a training program for 4 distinctive groups: beginner, intermediate, advanced and accessibility. The displayed exercises can target all major muscle groups of the body.
